

BOYS & GIRLS CLUB
OF ALAMEDA

Matt came to our Boys and Girls Club located in Alameda, CA to deliver a Talk Shop program specifically designed for our staff based on pre-determined needs. Staff are tasked at times with needing to have difficult conversations with both adults as well as teens. Matt brought some fresh perspectives and skills for our staff that they were able to implement right away. Sometimes a different voice is needed for a successful workshop and Matt did just that and therefore I recommend Talk Shop.
