

INDEPENDENT EDUCATIONAL  
CONSULTANTS ASSOCIATION

Dear Matt,

On behalf of the Independent Educational Consultants Association, I would like to thank you for joining us as our ACE speaker at our Spring Conference in Seattle.

We were certain that your expertise on how to communicate effectively would resonate with our attendees, and the evaluations have borne that out. The topic was particularly poignant given the times we are living in. As one participant said, "Timely and interesting. Made me think about my own communication style and how I can improve." Another participant said, "Matt is an engaging speaker."

Thank you, again, for providing your time and expertise on such an important subject. We are extremely grateful and hope to have you return in the future.

Best wishes,
